Cellule Kamatamu Rue KG590 ST
Kigali, Rwanda

We're transforming Africa through innovative scientific training, technical advances and breakthrough discoveries!

The African Institute for Mathematical Sciences (AIMS) is a pan-African network of centres of excellence for postgraduate training in mathematical sciences, research and public engagement in STEM. Its mission is to enable Africa's brightest students to flourish as independent thinkers, problem solvers and innovators capable of propelling Africa's future scientific, educational and economic self-sufficiency. The first AIMS centre opened in Cape Town, South Africa in 2003; since 2011, AIMS has opened additional centres in Senegal, Ghana, Cameroon and Rwanda.

Each AIMS Centre provides expertly tailored academic and non-academic programs, training around 50 African students each year and preparing them for leadership in the domains of academia, government and industry. The AIMS academic program relies on top international lecturers who teach in a 24-hour learning environment.

If you bring a collaborative spirit with a passion to effect change, consider this opportunity as the...

Student Development Manager (SDM)_ AIMS Senegal!

Under the direction of the Academic Manager and in collaboration with the AIMS Industry Initiative team, the Student Development Manager (SDM) will be a key point of contact for the students at the Centre as they prepare for their future lives and careers. The SDM will be a source of support and encouragement and provide the advice and counsel needed to guide students' personal and professional development and career choices. The SDM will coordinate curricula and extra-curricula programmes which complement and enhance the core mathematical sciences focus of the Centre.

As a proud champion and ambassador of this portfolio, you will actively foster programmes to promote the personal and professional development of AIMS students. You will organise these programmes and play leading roles in their delivery. Key deliverables will be to build the necessary knowledge, skills and experience to prepare students to plan and organise their own future lives and livelihoods; to practically contribute to employers' needs and expectations; and to play leading roles in the social and economic development of Africa.

This is a 2 year, full-time contract opportunity and will be based from Mbour, Senegal.

Do you have what we need?

- Minimum 5 years' experience in a similar role in an international setting, with a particular expertise with African academia
- Master's degree or higher qualification in a relevant field e.g. Human Resources, Marketing or Business
- Bilingual in English and French

- Superb relationship management skills to network and build and nurture fruitful partnerships and to effectively interact with diverse students, staff and the public
- Self-driven with the ability to work independently
- Strong communications skills with a demonstrated ability to write and present orally
- Teaching experience at university level a desired asset
- Demonstrate evidence of integrity and ethical behaviour
- Genuine passion to heighten the development of mathematical sciences in Tanzania
- Proficiency with Microsoft Office Suite, including Excel, PowerPoint, Word, Outlook and Internet applications (Skype, Google Apps)

Are you ready to be a part of the transformation?

Click [on this link to apply](#). Applications will be accepted until February 28, 2023.

Should no feedback be received from AIMS-NEI within four weeks of the deadline, kindly accept that your application will not be further pursued. AIMS-NEI reserves the right not to make an appointment at its sole discretion.

AIMS-NEI is an equal opportunity employer. Visit www.nexteinstein.org to learn more about AIMS.
