We're transforming Africa through innovative scientific training, technical advances and breakthrough discoveries!

The African Institute for Mathematical Sciences (AIMS) is a pan-African network of centres of excellence for postgraduate training in mathematical sciences, research and public engagement in STEM. Its mission is to enable Africa's brightest students to flourish as independent thinkers, problem solvers and innovators capable of propelling Africa's future scientific, educational and economic self-sufficiency. The first AIMS centre opened in Cape Town, South Africa in 2003; since 2011, AIMS has opened additional centres in Senegal, Ghana, Cameroon and Rwanda.

Each AIMS Centre provides expertly tailored academic and non-academic programs, training around 50 African students each year and preparing them for leadership in the domains of academia, government and industry. The AIMS academic program relies on top international lecturers who teach in a 24-hour learning environment.

If you bring a collaborative spirit with a passion to effect change, consider this opportunity as the...

Communications Officer, AIMS Senegal!

The Communications Officer, AIMS Senegal will support the Communications Department at AIMS to implement a robust centre-focused communications strategy, which will help bolster the organization's brand, image and reputation through consistent messaging and innovative communication methodologies leveraging new media platforms, campaigns and events to promote the strategic framework with a theme of inclusive access. He will lead the organization of online and in-person events at the centre level, provide program support services to members of the AIMS Community and generate content that forms the basis of organization's communications.

As the Communications Officer, you will collaborate with management at the centre to develop and implement an effective and targeted communications strategy; write, edit, and distribute content, including publications, press releases, website content, annual reports, speeches, and other marketing material that communicates the organization's activities, products and/or services. You will respond to media inquiries, arrange interviews, and act as the media liaison for the centre; establish and maintain effective relationships with journalists, and maintain a media database. You will also seek opportunities to enhance the reputation of the brand, and coordinate publicity events as required; maintain records of media coverage and collate analytics and metrics and develop concept notes for public engagement activities;

Additionally, you will manage alumni engagement activities at the centre level and deliver training to centre staffs on leveraging new media as ambassadors of AIMS.

This is a full-time opportunity based in Senegal.
