We're transforming Africa through innovative scientific training, technical advances and breakthrough discoveries!

The African Institute for Mathematical Sciences (AIMS) is a pan-African network of centres of excellence for postgraduate training in mathematical sciences, research and public engagement in STEM. Its mission is to enable Africa's brightest students to flourish as independent thinkers, problem solvers and innovators capable of propelling Africa's future scientific, educational and economic self-sufficiency. The first AIMS centre opened in Cape Town, South Africa in 2003; since 2011, AIMS has opened additional centres in Senegal, Ghana, Cameroon and Rwanda.

Each AIMS Centre provides expertly tailored academic and non-academic programs, training around 50 African students each year and preparing them for leadership in the domains of academia, government and industry. The AIMS academic program relies on top international lecturers who teach in a 24-hour learning environment.

If you bring a collaborative spirit with a passion to effect change, consider this opportunity as the...

Communications Officer Intern, AIMS Rwanda (PAMO)

The Communications Officer Intern, AIMS Rwanda (Pan African Mathematics Olympiad - PAMO) will primarily be responsible for contributing to the development of the AIMS Rwanda PAMO internal and external communication.

As the ideal candidate, you will maintain and update website, ensure information is correct and up to date. Ensure all PAMO related events & media have the correct logos, branding and quality, create narrative reports for sponsors to show their impact. Additionally, you will be updating all PAMO social media platforms with videos and all kinds of information that will boost PAMO's public engagement.

This is a 3 months' internship opportunity based at AIMS Rwanda Centre in Kigali.

Do you have what we need?

- A minimum of a Bachelor's degree in a field related to mathematical sciences, development education, economics, international development, project management, monitoring and evaluation, social sciences, business or communications;
- Excellent and proven writing and editing skills;
- Experience in planning, managing and executing successful communications campaigns;
- Understanding of social media dynamics and use for impact communication;
- Ability and desire to work effectively in a fast-paced, team environment;
- Ability to use google docs, sheets, drive etc.;
